

This is in reference to MB Docket No. 04-233

I currently listen to KLOVE on 91.1 FM. It serves as an inspiration and a focus to me throughout the day. It has a positive, christian, uplifting message. If it were to be removed due to the Low Power FM, I would be devastated! There are no other radio stations that compare. The majority of stations are trash! They have advertisement after advertisement and usually a lot of trashy talk from the DJs. I don't want to listen to that and I certainly don't want my children to listen to that filthe. KLOVE is a shining light in our community and it offers the chance for many desperate people in the community to find hope and a positive message in this otherwise negative, selfish culture. Please don't allow it to be taken off the air.
